

<b>Support Matrix for Inmagic DB/Text PowerPack and PowerPack Lite v17.0</b>
<b>Operating Systems</b>
Windows Server 2016
Windows Server 2012 R2
Windows Server 2008 R2 (64-bit)
<b>Notes</b>
<p><b>PowerPack</b> consists of three Windows Services: the Updater, the Checker, and the Importer.</p> <p><b>PowerPack Lite</b> does not include the Importer.</p> <p>The services must be installed on a machine that has access to the DB/TextWorks textbases that you will maintain.</p> <p>The services must be installed on a machine that will not need to be rebooted frequently, as this disrupts ongoing services.</p> <p>PowerPack and PowerPack Lite are compatible with textbases maintained with DB/Text versions 15.0 and later.</p>
